REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: claims 24,28-46 has been allowed.

Prior art of record fails to disclose a specific structure of couplings for transmission motion between the rotor of the motor and the working part, the couplings comprising a first coupling having two first teeth are rigidly coupled to the rotor of the motor in diametrically opposite positions, and two second teeth which are rigidly coupled likewise in diametrically opposite positions, to an annular element which can rotate freely with respect to the rotor, a second coupling being composed of the two second teeth and two third teeth which are also diametrically opposite and are rigidly coupled to the working part.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
